DETAILED ACTION

1. The information disclosure statement (IDS) submitted on 9/10/2004 and a copy sent on 11/15/04 was filed after the mailing date of the Notice of Allowance on 9/7/2004. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

2. Claims 94-96 are allowed.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest an apparatus for processing a substrate wherein the substrate comprises a plating unit structured to form a seed layer by electroplating with supplying a first current by a voltage to the seed layer and then supplying a second current to the seed layer.

Drawings

4. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the following sheets/figs contain foreign language text:

Figures 18,22-25,27A,32,35-37 and 46A-46B

Art Unit: 1763

Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Conclusion

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
